# Add Intelligence to Your Collaboration System

The IKON 200 combines a full HD camera with powerful speakers and microphones that makes it a complete solution for any small conference room or executive office. Built-in intelligence Auto framing enables the camera to track the attendees anywhere in the room.

Huddle Room | Board Room | Conference Room

Simplify your video collaboration

# Experience Clarity Like Never Before

## Wide Angle View

120° Field of view ensures all persons in the room fit into the frame so you don't miss out on the group

## Auto Framing

Auto framing function automatically focuses on the people in the room and eliminates blank spaces
