

WiCONNECT System

VELODYNE'S WIRELESS RECEIVER AND TRANSMITTER

SPECIFICATIONS

Model	WiConnect System
Frequency Response	20 Hz – 16k Hz (+/- 0.5 dB)
Speaker-level Pass-through	Full range
Input Impedence	10k ohm
LED Power Indicator	Yes
Case (H x W x D)	1.0312" x 5.125" x 3.25" (29.4 mm x 130.2 mm x 82.6 mm)
Shipping Weight (approximate)	2.5 lbs. (1.1 Kg)
Wireless Transmitter Range	50' (15 m)
Wireless Transmitter Frequency	2.4 GHz
Warranty (North America)	3 years electronics (parts and labor)

A Note on Bandwidth:

Although this detail sheet is written from the perspective of wireless signal transmission for subwoofers, the WiConnect System has a very wide bandwidth (20-16k Hz +/- 0.5 dB). Thus, it can be used in some cases for full range signals as well.
