

T5 - LED Tube with Microwave Motion Sensor

Fitting Type	T5 tube
Power Consumption	18 Watts (when on at full brightness) and 3.6 Watts when Dim
Operating Description	<ul style="list-style-type: none"> • Stays on as long as motion detected, then goes to standby mode after 30 seconds of no movement • Sensor range is up to approx 8 m
Voltage	220-240 V AC 50-60Hz
Lifetime	35,000+ hours
Colour Temperature	6500K , 4000K, 3000K, 2700 K
Beam Angle	150°
Light Output	1,800 lumen
Dimmable	yes
Dimensions	1172mm (long) x 22mm (wide) (4feet)
Installation	Self install
